## How to speak like native speakers and how to understand them!

Hi Open Doors students! We miss you all and hope you're in good health.

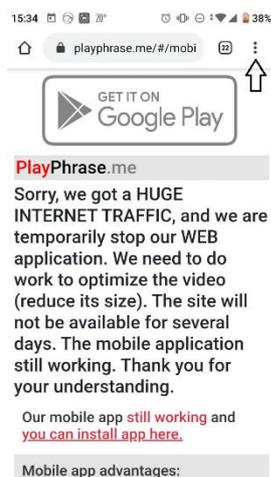

We're happy to see that you've interacted with us and now we are ready to continue this journey to practice English. This week we're going to practice more the shadowing, but now with your favorite TV series or movie. First, let's understand better how they do it, and why it's hard for Brazilians to understand them, this is very important! Once you get it, it'll be much easier!

1. You're going to watch the video about "English pronunciation training!" and practice:

2. Remember the site "playphrase"? Pretty amazing, isn't it? Before we go to the next step, practice a little bit more with it:

Pay Attention: If you're going to access this site on your cellphone, you have to click on the right side, as shown in the Picture, and then choose "DESKTOP SITE".

Módulo II (Avançado)

3. You're going to watch a video teacher Elaine recorded to show how you can do to practice with your favorite TV series:

4. Now you're going to choose your own TV series, or movie and record it. Send a video or an audio; practice as much as possible, don't bother if you make some mistakes at first, the harder the challenge, the better! But, you can start choosing only a short sentence!
