Activity 2 August 10th Learning English with songs

Hello everyone, what's up? We hope you're all well.

We're very glad to see that most of you have accepted the challenge and left the comfort zone, and we are very proud of you! Here we are again ready to continue this journey to practice English. This month we're going to learn how we can learn English with songs.

Music and Language

1. Watch the instructions and the theory about learning English with songs teacher Elaine recorded to you:

<https://www.youtube.com/watch?v=stjx1iJTmnY>

2. Read this interesting and short article to consolidate this idea:

<https://englishlive.ef.com/blog/english-in-the-real-world/5-interesting-links-music-language/>

3. First listen to the song, feel the music, without watching. Then, watch the video clip of the song, without the lyrics. At last you can listen to the song following the lyrics.

To help you to work on the vocabulary, check: <https://onelook.com/> and have access to various good dictionaries.

4. After working on the vocabulary you're going to click on the link below to leave your thoughts about it:

- What kind of music you like?
- What did you first think the song was about?
- What is your interpretation to the song?
- Is there any quote you liked the most? Share with us!
