Eu Faço História

**CATÁLOGO DA 1ª INSTALAÇÃO DE
DESENHOS INFANTIS**

**PREFEITURA DE
GUARULHOS**

A instalação artística "Desenhos para mudar o mundo", proposta no quadro "Arte como Experiência" do Programa Saberes em Casa pelas professoras Angela D. Consiglio e Mônica de Oliveira C. G. Ribeiro, nasceu após outros estudos e criações a respeito da Arte enquanto linguagem e, portanto, enquanto ferramenta de expressão e comunicação.

Investigamos e experienciamos, dentre outras coisas, as instalações artísticas, e, como proposta de finalização do tema, todas as crianças da Rede Municipal de Guarulhos foram convidadas a pensarem sobre o que gostariam de mudar no mundo e a criarem um desenho sobre isso.

A exposição se tornou um grande varal onde penduramos e espalhamos aos ventos boas ideias e sonhos.

Os visitantes poderiam escolher e levar um desenho e, aqueles que quisessem, poderiam trazer outro e deixar no lugar, a ideia é movimentar os sonhos!

PREFEITURA DE

Eu faço História
03/11 a 06/11

"Então, vamos fazer desenhos para mudar o mundo?
Preciso que você pense no que gostaria de mudar no mundo, desenhe e me envie uma foto.
Com esses desenhos faremos uma instalação artística no prédio da Secretaria de Educação. Será um grande varal para pendurarmos e espalharemos boas ideias e sonhos aos ventos."

AÇÃO ESPECIAL DEVIDO A SINDROMIA DA COVID-19

Assim iniciamos a proposta para a montagem da 1ª Instalação Artística de desenhos infantis no prédio da Secretaria Municipal de Educação.

Este catálogo foi produzido para registrar a memória dessa ação, que possibilitou a participação das crianças, mesmo nesse tempo de distanciamento físico, promovendo o conhecimento de todos aqueles que não puderam visitar o espaço.

A INSTALAÇÃO

A instalação artística "Desenhos para mudar o mundo" proposta no quadro "Seus Desenhos" do Programa Saberes em Casa pelas professoras Angélica O. Damasceno e Maria da Oliveira C. G. Ribeiro nasceu após vários estudos e críticas a respeito da alta escolarização e por isso, enquanto ferramenta de expressão e comunicação.

Investigamos e experimentamos, sem outras crenças, as instalações artísticas, com proposta de sensibilização de seus alunos em parceria da Rede Municipal de Educação para convidá-los a pensar sobre o que precisam mudar no mundo e a criar um mundo melhor.

Trata-se de um grande valor pedagógico e significativo para os alunos, pois eles podem expressar suas ideias e sentimentos através de seus desenhos.
